

Community Awareness Meeting Concerning Texas Water Development Board (TWDB) Hickory Creek Flood Planning Study

Date: February 9, 2010 at 6:30 pm.

Location: 12400 Elam Road Civic Center

Purpose:

Share information with Citizens of Balch Springs Concerning a Study of the Hickory Creek Flood Plain for developing strategies to alleviate flooding problems in the City of Balch Springs. The Texas Water Development Board and City Economic Development Corporations are jointly funding the study to ensure a comprehensive strategy is developed concerning floodway issues affecting the community. Citizen input in this public meeting and feed back to the Engineering Firm Preparing the Study is vital. Please share your ideas.
